Convenient • Practical • Advanced

4-24mm

LW-PX750

Made for industry, but easy enough to use in the home or office, the LW-PX750 is a portable label and bar code printer with exclusive time and cost-saving features for creating custom and compliant labels up to 1" (24mm) wide. Organize tool cribs, identify storage bins, make safety labels, tag assets, and more. With application-specific hotkeys, this easy-to-use label maker offers extraordinary flexibility to import images and print on the go.

The LW-PX750 features Mixed-Length printing for variable-length labels on a single, half-cut strip and Pick-and-Print for faster print-and-apply in the field. With Epson's innovative rollback technology, you save valuable tape with less lead margin waste.

POWERFUL DESIGN SOFTWARE

LW-PX750 works great as a stand-alone unit, or connected to a PC, using Epson's Label Editor Software. Create professional, custom labels that stand out either way!

AUTOMATED LABELING PROJECTS

Industry-specific hotkeys make complicated projects a breeze by automating tedious formatting.

IMPORT CUSTOM IMAGES

Import logos and images to the stand-alone machine from your PC, and take your branding everywhere you go!

TRIMMABLE CORNERS

Give your labels a longer life by rounding the corners. Prevent snags and peeling by using LW-PX750's built-in corner trimmer.

LIFETIME WARRANTY

Register your printer with us when you receive it, and you're covered for as long as you own it. **100% Covered. Always. You break it. We replace it. For life.**

And this warranty isn't some add-on service plan available at an additional cost. Instead, your warranty comes with your printer, so you'll never have to worry about life if it happens to your printer.

REDUCED TAPE WASTE

LW-PX750 can produce the tightest labels in the business, reducing tape waste with every label printed. The printer rewinds unused tape from the mouth of the printer prior to every print to minimize leading margins to as short as 4mm.

VERSATILE CUTTING

Epson LabelWorks' LW-PX750 has the power to half-cut, or "kiss cut" label tape, keeping your labels all together on one convenient strand.

SPECIAL CHARACTERS

Use the accents and special characters key to make multi-lingual labels. LW-PX750 also comes pre-loaded with 14 fonts for a designer touch.

SCANNABLE LABEL

LW-PX750 can produce bar codes and QR Codes using the stand-alone unit, or connected to a PC.
